

Upcoming Science Conference

Reconnect Regionally!

The Northwest Scientific Association,
the American Association for the Advancement of Science - Pacific Division,
and the Northwest Lichenologists are meeting jointly
at Western Washington University in Bellingham, Washington
21-24 March 2023

Join scientists from all over the west, present your latest research, and exchange ideas.

Talks and posters will cover the breadth of science, including but not limited to, environmental science, biology, engineering, anthropology, geology, ecology, social sciences, art in science, resource management, GIS, atmospheric science, lichenology, chemistry, health sciences, physics, and science communication.

Students are especially encouraged to present talks or submit posters to judged sessions with prizes! ~\$5000 to be awarded!

Submit your abstract by 22 February 2023
